

COCOONS SIZING GUIDE INSTRUCTIONS

This simple to use sizing guide will help you select the Cocoons OveRx sunglass that most accurately fits over your prescription eyewear. To use the guide, set your print preferences with no scaling and print the document at 100% actual size. Then place your eyewear face down on the images of each size. If your eyewear fits within the red box, the size can be worn over your glasses. If your eyewear exceeds the red box, then you must try the next size up. The ideal fit will come from the size that is just slightly larger than your prescription eyewear.
